

**REMARKS**

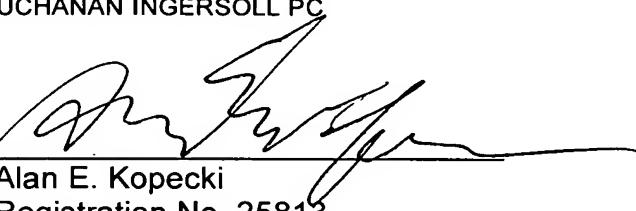

The present amendment corrects a paragraph found on pages 9-11 by inserting a formula which was omitted from page 10 of counterpart International Application PCT/FR2004/002969. That formula appears elsewhere in the specification, namely on pages 6, 15 and 30, as well as in claims 1, 12 and 22.

Amendments have also been made to claims 1, 7 and 8.

Respectfully submitted,

BUCHANAN INGERSOLL PC
